ADVERTISER'S ANNOUNCEMENT

The stork has landed

AFTER noticing a stork birth announcement sign in a garden in Liverpool a number of years ago, mum Rebecca Roberts-Achilles thought that it would be lovely to hire a stork to announce the birth of her new baby when the time came. After making various phone calls and searching through a number of telephone directories she was unable to find a business in the North-West that hires out storks or any type of birth announcement sign at all. So after a lot of enquiries and research Rebecca decided to set up The Stork's Landed.

Rebecca says: "Our signs proudly let everybody know the good news, and it's a perfect gift for yourself, your wife, a neighbour, a son or daughter, a work colleague or a friend!"

For more information ring 07920 043474 or visit www.thestorkslanded.co.uk.

For a first class response choose 'The Standard'

BABY Sensory needs a new home after overwhelming response to advert in Standard!

When Steph Harrison placed an advert in the Chester and Ellesmere Port Standard, she didn't count on such a huge and fantastic response for her already popular award winning Baby Sensory classes!

Steph's classes are for babies from birth up to 13 months and activities incorporate every possible sensory experience including sign language, fibre optic light shows, amazing bouncy light balls, rainbows, bubbles, bells, holistic massage and much more. Each week is different!

Now Steph needs your help! Her current venue unfortunately cannot extend the hire time in order for the new, much sought after, Baby Sensory class to be opened so Baby Sensory needs a new home!

"I have been searching for a new venue in which to run my sessions but so far have had no luck! I need a venue in the Chester area that has a fairly large hall that is available to hire from 8:30am - 4:00pm every Wednesday. Any help in finding a venue would be

very much appreciated" Steph continues "I now have over 20 parents and babies on the waiting list for my classes and I really don't want to let them down. Many of these parents read about my classes in the Standard and they want to give their babies the best possible start by joining the classes".

If anyone knows of a hall/community centre/scout hut etc in the Chester area that is available please contact Steph anytime on 07814 941048 or email wirral@babysensory.co.uk

ADVERTISER'S ANNOUNCEMENT

Photographs to treasure forever

SARAH Offley Photography is one of Cheshire's premier photographers and after four years of success based in Little Sutton, is proud to announce they have moved to their new, purpose built digital studio in Childer Thornton, Cheshire.

To celebrate this, along with other great offers they have just announced the launch of the Tots to Toddlers scheme. The exclusive limited offer from Sarah Offley Photography invites you and your baby to three guaranteed sittings within your baby's first year and a free folio frame of portraits for a one off registration fee of only £20.

At each sitting a variety of beautiful photographs will be taken, with you choosing one for your folio. This fabulous offer is made without any obligation to buy.

There has never been a better time to treat you and your family to an experience to treasure forever.

Reply now, don't miss this unique opportunity, to register and book or for further information, please call 0151 348 1234, email sarahoffley@msn.com or to view my work please visit www.sarahoffley.com
